Plain Talk.

The New York Times believes in calling "spade a spade." It launches some heavy charges at the Tammany leaders, and proposes to back up its assertions with damning proofs. What a disgrace that such men should be at the head of the ruling political party of New York city and State! But that is the business and concern of that community more particularly. The country feel solicitude and alarm for the reason principally that this same political ring are now under the flattering and deceptive cry and watch-word of "the new departure," aiming to get their hands on the National Government and treasury, the purse of the nation. Tweed, "boss" or "big diamond" Tweed on the Fourth of July expounded on "the new departure" with as much success as the old. The Prussian authorities having often experienced considerable trouble and delay, especially during the late war, from the falling (through rotteness) or blowing down of wooden telegraph poles in exposed situations, a short time ago, resolved to do away with this evil, and to that end concluded to make an experiment with iron telegraph poles, which were substituted for the wooden ones on the line between Berlin and Potsdam, and, also, experimentally, along the railway from Weissenfels to Gera. The result has been a complete success, and it there was rapidly taking the place of the old wooden poles. Owing to the frequent malpractices made necessary with wood poles, iron ones have been found much cheaper, after their first erection, besides which their appearance is very much more graceful and pleasing to the eye than the old-fashioned dilapidated and crooked monstrosities.

THE game of base ball to-day between the Union City, of Union, and the Americans, of this place, will be played on the old grounds at the foot of Walnut street. Their grounds at the Driving Park are not yet completed.

ASSOCIATED ARTISTS' MINSTRELS.—This troupe perform this evening in Homestead, and to-morrow evening in this city at the Parshall Opera House. They are said to be one of the best troupes in the country, and are highly spoken of. They deserve to be well patronized, and the house will no doubt be filled.

TRIAL OF J. K. TURNER AND VICTORIA JACKSON.—A dispatch from Erie last evening informs us that Turner and his confederate, Victoria Jackson, have been found guilty on indictment for obtaining letters unlawfully. Turner pleaded not guilty to indictment for forging evidence to Pension Bureau, and will be tried to-day.

PAYING WASHINGTON STREET.—A petition was in circulation yesterday for the paying of Washington street between Finc Street and the Oil Creek Railroad. The owners of property from Finc Street to the mill race have mutually agreed that they will pay their respective assessments without asking the city to issue bonds to the contractor, as provided by the charter amendment.

A FORTUNATE INVESTMENT.—Fred. Seely, Jr., recently bought an acre and a half lease on the Maguire farm, with a well pumping at twenty barrels a day. The well was immediately torpedoed, and the production has risen up to one hundred barrels and over, which has been steadily sustained, with the exception of a short suspension for repairs. We congratulate Fred. on his peculiarly fortunate "strike."

A SINGULAR ACCIDENT.—About ten o'clock yesterday morning, a little girl was drawing an infant across Spring street, opposite the Parshall Block, in a child's carriage, when a large dog dashed against the diminutive vehicle with such force as to upset it and empty the babe with its paws. The screams of the infant and its mother were heard throughout the town. The dog, however, was not allowed; lemonade, pop, and other drinks, also ice cream and cake, were therefore a great demand. A variety of games could be met with at every turn, and money appeared to flow freely. At six o'clock the company had more than doubled, and the woods presented a gay and lively spectacle. The festivities were kept up until dark, when most of the party returned home thoroughly satisfied with their afternoon's entertainment.

GRACIOS ACCIDENT.—August Seigrist of the Paris Pavilion Cirque, which recently exhibited here, met with a serious accident at Rochester. While Seigrist was performing the somersault in mid-air in the dying trapeze test, the violent gale which was blowing in the air caused him to fall, and he was suspended by his hands. He was picked up by members of the company and carried to the dressing-room. It was found that he had sustained severe bruises, especially on the shoulder upon which he fell. In the evening the trapeze test did not take place, and Dan Rice apologized for its omission by referring to the injuries received by Seigrist—hurts which will prevent him from going through with the performance for some time to come.

BORN ALIVE.—It is the intention of the oil dealers of Oil City to visit Cleveland on July 29th to play the oil dealers of that place a game of base ball. The Senecas, of Oil City, will give the oil dealers two practice games before they start; one comes to-day, and the other some time next week. There will be lively times in Cleveland when the "bulls" and "bears" get to batting. We understand also that the oil dealers of this city and Corry are to have a game to decide whether the oil belt runs through the latter city.

RUNAWAY ACCIDENT.—As Mr. A. V. M. Sprague was mounting a horse in front of Mr. W. R. Jones' residence, at the head of Perry street, yesterday afternoon, the animal started suddenly to run away, apparently on his "own hook," as nothing had happened to frighten him. Mr. Sprague was unable to hold him, and as they neared Pine street they met two teams, and the fractions horse turned into the gutter to pass them. The gutter being wet and slippery, the horse fell, his rider under him. Mr. Sprague's injuries are not serious, being mostly flesh bruises.

MANSON'S MINSTRELS.—This extremely popular troupe of comic artists appear at the Parshall Opera House on Monday night, the 24th. We are at a loss for words which will adequately express the excellence of this troupe of minstrels. Nearly everyone has heard of Billy Manning. Those who have not heard his imitation of the old "Rambler nigger's singing" should attend on Monday night. Their engagement is limited to one night—we wish they would stay a week.

DANIEL'S NOVELTY THEATRE.—This evening Uncle Tom's Cabin will be presented for the second time, and again on Saturday afternoon at half-past two o'clock, for the benefit of ladies and children. The price for the matines are fixed at twenty-five and fifteen cents. The pieces have been produced in a careful manner, no less than five new scenes from the brush of Mr. G. S. Smith having been painted for it. Miss Maggie Willitt as Topsy and Little Nelly as Eva were excellent, as in fact were nearly all the characters in the piece.

FRANKLIN has had another breach of promise session, narrowly escaping a fatal termination on the part of the disappointed girl. The faithless lover resides at Oil City, and having encouraged the expectations of the too susceptible Franklin by repeated promises of marriage, at last informed her he could not fulfill the engagement. Thereupon the girl, who is said to be in "seems," determined on suicide, and administered to herself a large dose of opium-laudanum. Soon afterwards, she confessed the deed to her mother, and timely medical aid prevented a fatal result. The faithless Oily Gammon is still at large.

GER. G. B. McCLELLAN visited Jamestown on Tuesday on business connected with the A. & G. W. R. R. In the evening he was serenaded at his hotel, and made a brief acknowledgement from the balcony, after which, according to the Journal, the boys "made a night of it," but the General refused to join them.

THE Allegheny and Pittsburg oil Company has just declared a dividend of 1 per cent, payable on demand.

A MAN seventy years of age was sent to the Erie jail a few days ago to await trial for stealing four pairs of boots in Union City.

THE opera house in process of construction in Union City has been leased to Messrs. Sell & Backus, of Erie. It will be ready for use early in the fall.

Mr. A. H. DAPON, formerly of this place, has opened a confectionery store in Union, and also a bakery on the island at that place. The Union Times speaks very highly of the enterprise.

JULY 19TH will be a meeting of the Excise Board on Saturday evening at George A. Chase's fine, Chase & Stewart's block. A number of licenses will be issued on, and all interested are invited to attend.

PERSONAL.—Dr. W. R. Jones, from Syracuse, N. Y., has removed to Titusville for the practice of his profession, and is at present staying at the American Hotel. Notice of his office location will appear soon.

THE game of base ball to-day between the Union City, of Union, and the Americans, of this place, will be played on the old grounds at the foot of Walnut street. Their grounds at the Driving Park are not yet completed.

ASSOCIATED ARTISTS' MINSTRELS.—This troupe perform this evening in Homestead, and to-morrow evening in this city at the Parshall Opera House. They are said to be one of the best troupes in the country, and are highly spoken of. They deserve to be well patronized, and the house will no doubt be filled.

TRIAL OF J. K. TURNER AND VICTORIA JACKSON.—A dispatch from Erie last evening informs us that Turner and his confederate, Victoria Jackson, have been found guilty on indictment for obtaining letters unlawfully. Turner pleaded not guilty to indictment for forging evidence to Pension Bureau, and will be tried to-day.

PAYING WASHINGTON STREET.—A petition was in circulation yesterday for the paying of Washington street between Finc Street and the Oil Creek Railroad. The owners of property from Finc Street to the mill race have mutually agreed that they will pay their respective assessments without asking the city to issue bonds to the contractor, as provided by the charter amendment.

A FORTUNATE INVESTMENT.—Fred. Seely, Jr., recently bought an acre and a half lease on the Maguire farm, with a well pumping at twenty barrels a day. The well was immediately torpedoed, and the production has risen up to one hundred barrels and over, which has been steadily sustained, with the exception of a short suspension for repairs. We congratulate Fred. on his peculiarly fortunate "strike."

A SINGULAR ACCIDENT.—About ten o'clock yesterday morning, a little girl was drawing an infant across Spring street, opposite the Parshall Block, in a child's carriage, when a large dog dashed against the diminutive vehicle with such force as to upset it and empty the babe with its paws. The gutter being wet and slippery, the horse fell, and the rider under him. Mr. Sprague's injuries are not serious, being mostly flesh bruises.

GRACIOS ACCIDENT.—August Seigrist of the Paris Pavilion Cirque, which recently exhibited here, met with a serious accident at Rochester. While Seigrist was performing the somersault in mid-air in the dying trapeze test, the violent gale which was blowing in the air caused him to fall, and he was suspended by his hands. He was picked up by members of the company and carried to the dressing-room. It was found that he had sustained severe bruises, especially on the shoulder upon which he fell. In the evening the trapeze test did not take place, and Dan Rice apologized for its omission by referring to the injuries received by Seigrist—hurts which will prevent him from going through with the performance for some time to come.

BORN ALIVE.—It is the intention of the oil dealers of Oil City to visit Cleveland on July 29th to play the oil dealers of that place a game of base ball. The Senecas, of Oil City, will give the oil dealers two practice games before they start; one comes to-day, and the other some time next week. There will be lively times in Cleveland when the "bulls" and "bears" get to batting. We understand also that the oil dealers of this city and Corry are to have a game to decide whether the oil belt runs through the latter city.

RUNAWAY ACCIDENT.—As Mr. A. V. M. Sprague was mounting a horse in front of Mr. W. R. Jones' residence, at the head of Perry street, yesterday afternoon, the animal started suddenly to run away, apparently on his "own hook," as nothing had happened to frighten him. Mr. Sprague was unable to hold him, and as they neared Pine street they met two teams, and the fractions horse turned into the gutter to pass them. The gutter being wet and slippery, the horse fell, his rider under him. Mr. Sprague's injuries are not serious, being mostly flesh bruises.

PURCHASE OF THE BALTIC AND COAL COMPANY.—The Erie Railway Company, through Mr. Jay Gould, its president, has purchased the Tugger Railroad and the Blawenburg Coal Mine. The Tugger road runs from Lawrenceville to Blawenburg, twenty-six miles, and thence to Morrisburg and Arnot, about four miles distant. The transaction includes the purchase of the mines and the leasing of the road for ninety-nine years, which is about equivalent to a purchase
